

Fall 2009 - Undergraduate Courses Available to Visit

- **Students: please arrive in the classroom at least 10 minutes before a class is to begin. This allows you to make a proper introduction to the professor, who will want to let you know if it is not a good day for a visit (tests etc) as well as to make sure you get the most out of your class-session.**
- **Some professors prefer to know further ahead of time when a student is visiting. Those professors have their e-mail address listed under their name. Please make sure that you e-mail these professors at least 3 days in advance.**
- **Classroom etiquette dictates that students remain for a FULL class session of any class they wish to attend. This avoids unnecessary class disruption.**
- **Because a number of people have asked: the R in T/R stands for Thursday.**
- **And of course: turn off all cell phones, pagers and beepers. Thank you!**
